

Open V fingers snap together to indicate eyes closing

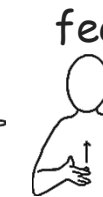

Touch back of right or left hand as appropriate

Close your eyes, give me your hand, darling

Middle finger moves up centre of chest

Middle finger moves up centre of chest

Do you feel my heart beating, do you understand?

Do

you

feel

the same,

am

I

only

dreaming

Is this burning an eternal flame?

Small circular movement on temple

Hand strikes palm deliberately

I

believe

it's meant

to be, darling

I watch

you

when

you

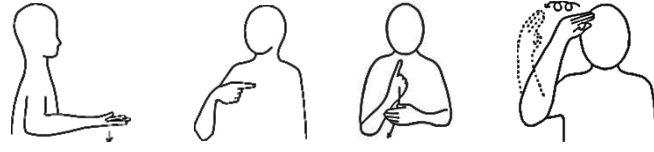

are sleeping

Middle finger moves up centre of chest

You belong with me, do you feel the same?

Am I only dreaming

Or is this burning an eternal flame?

Say my name, sun shines through the rain

A whole

life

Middle finger rubs up and down for about 5cm

so lonely

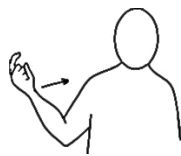

Right index finger moves sharply down behind left hand, both open to flat hands, palms down, and move forward

And

then

come

and

Tap twice

ease

Position hand at appropriate part of body and shake hand

the pain

I

don't

wanna

lose

this feeling,

Middle finger moves up centre of chest

oh

(INSTRUMENTAL, crescendo in music before signing restarts)
