

Can't Help Falling In Love

(Long penny whistle intro)

Wise

men

say,

Top twice

only fools

rush in

But I

can't

help

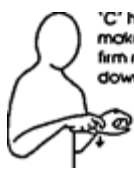

falling in love

with you

Shall I

'C' hands make short firm movement down

stay?

Would it be a sin

If I

can't

help

falling in love

with you?

Like a

river flows,

surely to the sea

Darling, so it goes,

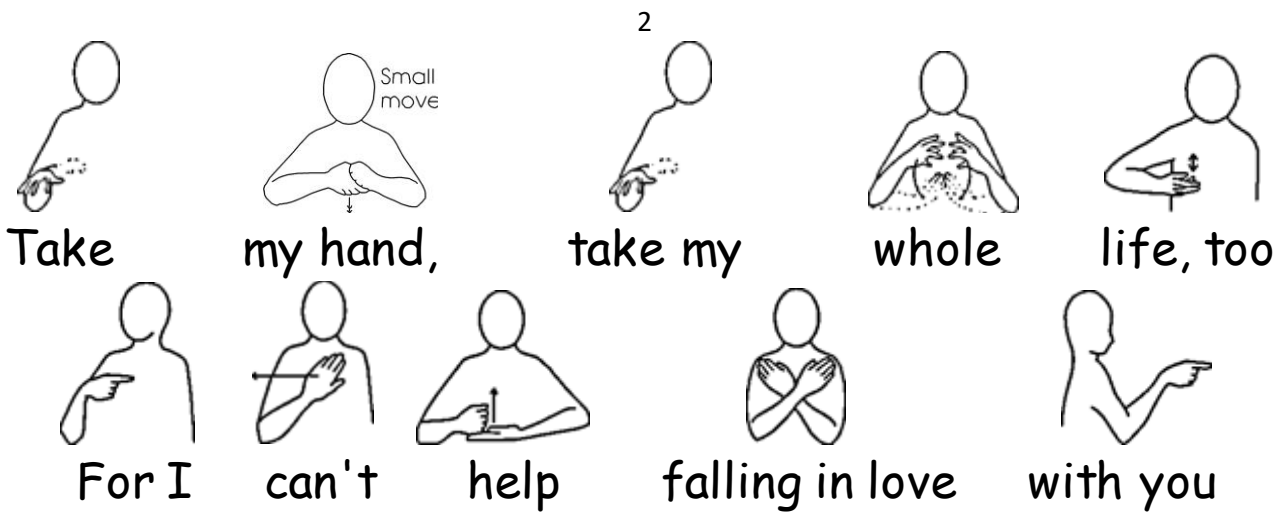

some things

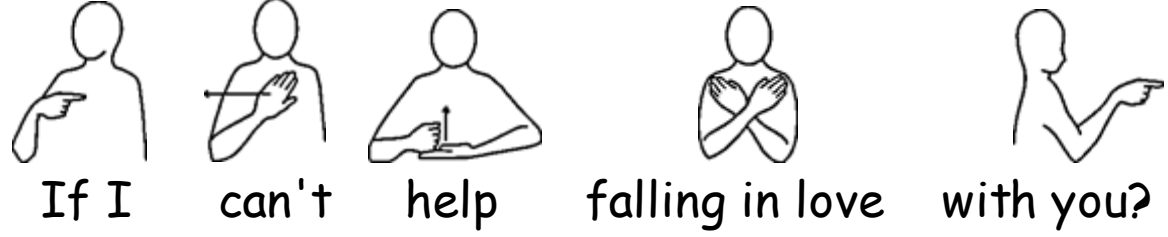

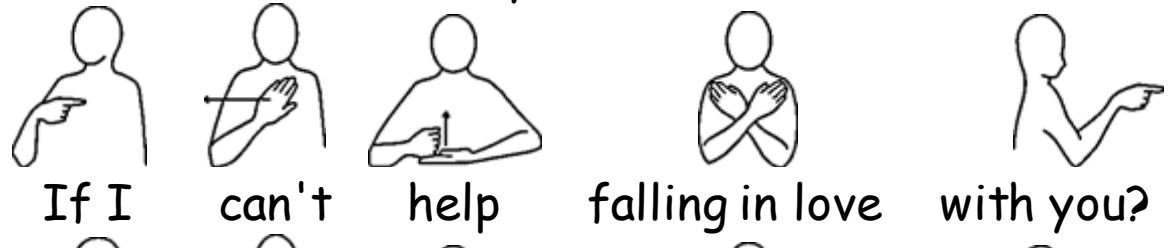

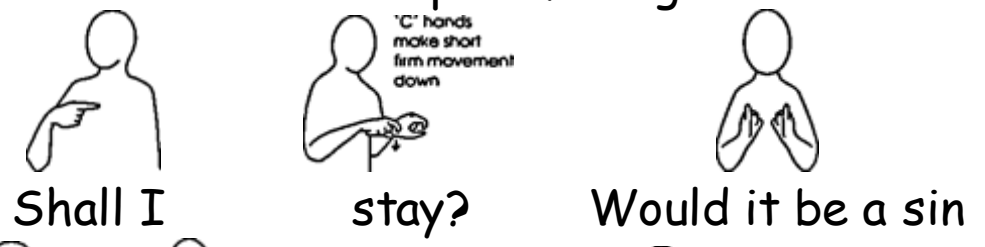

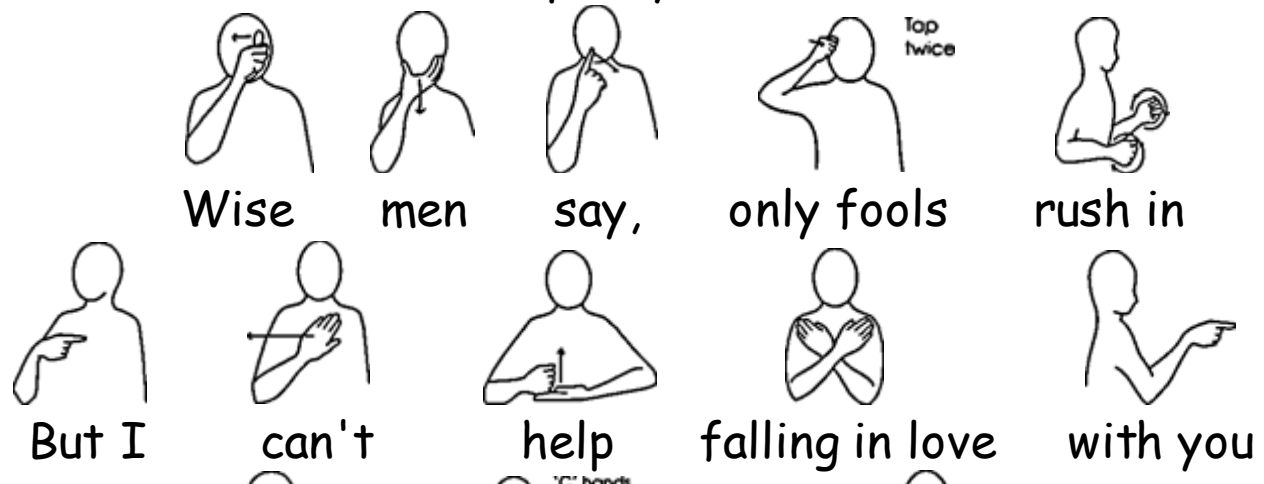

were meant

to be

(Instrumental then penny whistle before restarts)

(Instrumental to finish - fade music out)
